# KEYNOTE SPEAKER

## AMBASSADOR DESSIMA WILLIAMS

Ambassador Dessima Williams has had a notable career in education, community service, and as a diplomat for more than 40 years. She has been a voice for gender and social equality, and climate change—particularly the impact of climate change on Small Island Developing States. The ambassador has represented Grenada and global civil society at the Conference of Parties meetings for the United Nations Framework Convention on Climate Change meetings since 2009.

Ambassador Williams got her start in diplomacy in 1979 when she was appointed ambassador and permanent representative of Grenada to the Organization of American States. She served as Grenada's ambassador and permanent representative to the UN from 2009 to 2013, and was the special advisor to the president of the UN on the Sustainable Development Goals from 2016 to 2017.

After graduating from St. Joseph's Convent, Grenville, Ambassador Williams moved to the US to complete her bachelor's degree at the University of Minnesota. She then moved to Washington, DC, for both her master's degree and doctorate in international relations from American University.

She held faculty positions in the Department of Sociology and in the Heller School of Social Policy at Brandeis University in Massachusetts, from 1992 to 2005 and was the main advisor for undergraduate and Caribbean students while there. From 2014 to 2016, she served as an adjunct professor on gender and sustainable development within the School of Arts and Sciences at St. George's University and has been a past speaker at the Schools of Medicine and Veterinary Medicine commencement ceremonies in New York.

In 1996, she was a member of the group that co-founded the Grenada Education and Development Program (GRENEDE), which helps support rural, school-aged children to attend secondary school and college.

Ambassador Williams has spent the past year remodeling her family's business, the Rainbow Inn—an eco-tourism guesthouse started by her mother more than 40 years ago. Today, she administers the Inn and GRENEDE while also serving as an elected partner on the board of the Caribbean Natural Resource Institute (CANARI).

# VALEDICTORIAN, SCHOOL OF ARTS AND SCIENCES JONATHAN SILWANES

As an avid believer in serving others, Jonathan Silwanes, BMSc '20, has wanted to become a doctor since a very young age. As a child in Egypt, his native country, he enjoyed going to his father's clinic and speaking to patients to learn more about the role of doctors in caring for others.

After graduating from high school in Canada, Mr. Silwanes enrolled at St. George's University as a pre-medical student in 2016. While at SGU, he volunteered at the Bel Air Children's Home, which drove his desire to become a pediatrician.

Mr. Silwanes is currently a medical student in SGU's School of Medicine Class of 2023 and will be starting his clinical rotations this summer. He has continued to succeed academically and enjoys tutoring other students in the basic sciences. Mr. Silwanes credits his success to the support he receives from his family and friends, and to the academic foundation he established with the help of SGU faculty and staff. He aspires to travel back to Egypt to treat patients in underserved communities.

# THE INTERNATIONAL COUNCIL OF NURSES PLEDGE

With full knowledge of the responsibilities I am undertaking,

I pledge to care for my patients with all of the knowledge, skills, and understanding that I possess, without regard to race, color, creed, politics, or social status.

I will spare no effort to conserve meaningful life, to alleviate suffering, and to promote health.

I will refrain from any action which might be harmful to the quality of life or health of those I care for.

I will respect, at all times, the dignity and religious beliefs of patients under my care, and hold in professional confidence all the personal information entrusted to me.

I will endeavor to keep my professional knowledge and skills at the highest level and give my support and cooperation to all members of the healthcare team.

With full awareness of my qualifications and limitations, I will do my utmost to maximize the potential of the nursing profession and to uphold and advance its standards.
