## Application for Disability Accommodations

Welcome to SGU and Student Accessibility and Accommodation Services (SAAS). If you are a student with a disability or disabling condition that affects one or more major life activities and would like to request an accommodation, we encourage you to apply early, if possible. Completing and submitting this form, along with the associated comprehensive documentation, at least one month before classes begin will allow for a more efficient and timely consideration of your request. If you do not submit the required documentation in a timely fashion, an eligibility determination may not be made, and accommodations may not be granted, prior to the commencement of classes and examination. [Disability Documentation Guidelines](#) are provided to assist you and your medical provider with the necessary information required by SGU in order to be considered for accommodations. SAAS welcomes an opportunity to speak with you regarding your accommodations and to answer any questions.
