St. George's University Why Wait Terms and Conditions

The Terms and Conditions listed below apply to all prospective medical students of St. George's University (SGU) interested in participating in SGU's Why Wait Opportunity aimed at allowing students to begin medical school at SGU, and upon meeting the conditions for matriculation into a US or Canadian medical school as outlined below, to receive a refund of their tuition and administrative fees.

1. Students must sign and acknowledge the Terms and Conditions for SGU's Why Wait Opportunity prior to matriculation at St. George's University to be eligible.
2. Students must matriculate into SGU at the Grenada campus only and during any SGU term (January, April or August). If those who take advantage of the Why Wait Opportunity are admitted into a US or Canadian medical school while in their first term at SGU and matriculate into that US or Canadian medical school during the immediately following fall term, SGU will refund their tuition and administrative fees. Please note that for students who begin their studies at SGU in an August term, they must matriculate into that US or Canadian medical school in the fall of the year immediately following their admission to SGU to receive a refund of their tuition and administrative fees.
3. The SGU refund is defined as tuition and administrative fees only; the refund does **not** include travel, books, health insurance, or housing.
4. To receive the SGU refund, students must meet both of the following requirements:
 - a. Provide documentation of matriculation into a U.S. or Canadian medical school prior to the completion of the first term (prior to the second term for students who matriculate at SGU for August) at that respective institution. Acceptable documentation includes the following:
 - (i) An official transcript issued by the US or Canadian medical school showing the student registered in the immediate August term following matriculation into SGU's 4 Year MD program; or
 - (ii) A letter on official school letterhead stating that the student is registered in the U.S. or Canadian medical school to take classes in the immediate August term following matriculation into SGU's 4 Year MD program; **AND**
 - b. Submit an official request to be withdrawn from SGU's 4 Year MD program.
5. Students who borrow US Department of Education federal loans for the SGU term(s) agree to reduce their loan debt by the amount attributed to tuition and fees.
 - a. SGU will return that money to the U.S. Department of Education on behalf of the student.
 - b. Should these students choose to withdraw prior to the end of a term, SGU will perform the required recalculation of eligibility for federal loans and return the unearned funds to the US Department of Education.

By signing below, the student acknowledges, understands and accepts all of these Terms and Conditions and agrees to participate in SGU's Why Wait Opportunity pursuant to these Terms and Conditions.
